

ZGH66424XX Built-in Hob

More space and stability for all your pots and pans

Our pan support is designed to give you more space and stability for large cookware. Meaning that if you're putting a pot down or moving pans around, everything stays steady and secure.

Twice the heat means faster meals

The 4kw wok burner on our hob heats your pots and pans quickly. The two flame rings provide double the heat, meaning less time waiting and more time cooking.

A stylish frame that keeps spills contained

Not only is our bevelled hob frame a stylish statement in your kitchen, but also contains any spills. Keeping your worktop spotless and making cleaning even easier.

More Benefits :

- The extended pan supports on our hob mean that even your largest pans stay steady.
- Get the right heat quickly and accurately with the improved controls on our gas hob.
- Press to ignite the burner's flame instantly.
