

### Quick heating and even cooking

The Series 20 FanCook Oven circulates hot air heat with its fan and ring element. Air is continuously moved around in the oven cavity, to make sure that dishes can be cooked on different level at the same time

## Product Benefits & Features

### Double Oven—multitasking made easy

Cook two meals at once easily. With the Double Oven you have the choice of fan cooking, conventional cooking and grilling. So you can bake a cake or roast a chicken at the same time. Making your kitchen adventure a little more convenient.

### Hassle-free maintenance, with Catalytic Cleaning

The oven has special Catalytic Cleaning liners on the walls, which clean it while switched on. High temperatures let the surface absorb splatters and residue, to stop the oven getting greasy. So you won't have scour or scrub after cooking.

### Convection oven, for Even Cooking

The hot air generated inside the oven during cooking is moved around with a fan, so all your dishes receive the same amount of heat. This lets the oven heat up faster, which means you'll get the same results using 20% lower temperatures, saving time and using less energy.

### Touch to time every meal / Perfectly timed meals with LED display / Time taken care of

Keep track of all your dishes with the LED timer display. Setting exact cooking times is straightforward with the touch-activated fields. Making it easier than ever to juggle a few different dishes at once.

### Oven light, for a better view

A powerful, well-placed oven light lets you see what's going on inside the oven while your food is cooking. So you can monitor your dish's progress, without having to open the door.

- Double built-in oven
- Multifunctional oven with ring heating element
- 5 shelf levels
- Oven energy class: A
- Bottom oven energy class: A
- Top oven cooking functions: Defrost, Light, True fan cooking
- Bottom oven cooking functions: Bottom heat, Conventional/Traditional cooking, Fast grilling, Grilling, Light, Top heat
- Oven cavity with 2 baking levels
- Electronic timer
- Retractable knobs
- Electronic oven functions overview: Acoustic signal, Duration, Minute minder, Time
- Catalytic stayclean oven lining
- Easy to clean door
- Top heating element movable in bottom oven
- Cooling fan
- Trays supplied with the oven: 1 Dripping pan black enamel
- Grids supplied with the oven: 1 Trivet chromed, 1 Wire shelf chromed

## Product Specification

Product Installation	Built_In	Thermostat	Top&Bottom
Product Typology	Double_Cav_BI_Oven_Electr	Type of timer min.	SET
Product Classification	Performance	Electronic Oven Control	SET (IEC60335-2-6 Amd.1)
Type	Double	Feature Electronics	Acoustic signal, Duration, Minute minder, Time
Installation	BI	Cooking function top oven	Fan + light, Light, Ring + fan
Size	90x60	Cooking function bottom oven	Bottom, Grill, Grill + top, Light, Top, Top + bottom
Oven Energy	Electrical	Height total	888
Cooking	Fan + Ring	Width mm	594
Cleaning top oven	Catalytic	Depth mm	568
Cleaning bottom oven	Catalytic	Built in depth mm	550
Nø of cavities	2	Built in height mm	875
Design family	Zanussi Range Update	Built in width mm	560
Main colour	Stainless Steel	Gas original	No
Control Panel material	Stainless Steel	Gas replacement 2	No
Type of doors	2 Glasses	Gas replacement 3	No
Type of handle	Metal	Gas category	No
Door type bottom oven	2 Glasses	Frequency	50
Door hinges	Drop Down Removable	Voltage	220-240
Drawer	No	Required fuse (A)	30
Control lamps	2 Thermostat regulator	Type of plug	No
Hob control	No	Total electricity loading (W)	4300
Left front - Hob control	No	Max power gas (W)	0
Rear - Hob control	No	Max power gas - Bottom Oven	0
Right front - Hob control	No		
Right rear - Hob control	No
