

### Easy, even cooking

The fan in our convection oven allows it to warm up faster, circulating the air as soon as it's turned on. Which means your dishes can cook quicker and will be evenly warmed through, without having to turn anything during cooking.

## Product Benefits & Features

### Convection oven, for Even Cooking

The hot air generated inside the oven during cooking is moved around with a fan, so all your dishes receive the same amount of heat. This lets the oven heat up faster, which means you'll get the same results using 20% lower temperatures, saving time and using less energy.

### Sparkling results, with Aqua Clean

An additional cleaning tool is included inside the oven, called AquaClean. By adding water to the base, a humid environment is created with the oven's heat. So crumbs and splatters are easier to remove with damp cloth.

### Time taken care of, with LED display

Set exact cooking times and keep track of all your dishes with the LED display. Juggling a few different dishes at once has never been easier.

### Built in grill function

Crisp bacon, sizzle sausages, or finish the cheese on a delicious lasagne, with the grill function. Place your ingredients on a rack near the top of the oven, and expect delicious results.

### Oven light, for a better view

A powerful, well-placed oven light lets you see what's going on inside the oven while your food is cooking. So you can monitor your dish's progress, without having to open the door.

- Built-in oven
- Multifunctional oven
- Oven energy class: A
- Oven cooking functions: Bottom heat, Conventional/Traditional cooking, Defrost, Fan cooking, Grilling, Moist fan baking, Turbo grilling
- Anti fingerprint stainless steel
- Oven cavity with 2 baking levels
- Electronic timer
- Electronic oven functions overview: Accoustic signal, Duration, Minute minder, End, Switch off display
- High gloss enamel oven lining, easy to clean
- Easy to clean door
- Cooling fan
- Trays supplied with the oven: 1 Deep dripping pan black enamel, 1 Trivet chromed
- Grids supplied with the oven: 2 Wire shelves chromed
- Electric cable length: 1.6 m

**Product Specification**

Product Installation	Built_In
Product Typology	BI_Oven_Electric
Product Classification	Entry
Type	Single
Installation	BI
Size	60x60
Oven Energy	Electrical
Cooking	Multifunction
Cleaning top oven	Aqua Clean Enamel
Cleaning bottom oven	No
Nº of cavities	1
Design family	Yellow
Main colour	Stainless steel with antifingerprint
Control Panel material	Stainless steel with antifingerprint
Type of doors	2 Glasses
Type of handle	Metal
Door type bottom oven	No
Door hinges	Drop Down Removable
Drawer	No
Control lamps	Power on, Thermostat Indicator
Hob control	No
Thermostat	Yes
Type of timer min.	SET

Electronic Oven Control	No
Feature Electronics	Accoustic signal, Duration, Minute minder, End, Switch off display
Cooking function top oven	Bottom, Fan, Grill, Grill + fan, Top + bottom, Top + bottom + fan
Cooking function bottom oven	No
Height total	590
Width mm	594
Depth mm	560
Built in depth mm	550
Built in height mm	593
Built in width mm	560
Gas category	No
Frequency	50
Voltage	220-240
Cord length external	1.6
Type of plug	UK Moulded
Total electricity loading (W)	1875
Max power grill - Top Oven	1650
Bottom element power - Top Oven	1000
Top element power - Top Oven	800
Grill element power - Top Oven	1650
Stand-by power Electrical - Top Oven	1.3
Lamp power - Top Oven	25
