

Effective, efficient, and easy to load

The AEG 5000 series cleans efficiently and delivers drying with fresh air. It's spacious and easy to operate with time-based cycle selection and height adjustable upper basket.

Product Benefits & Features

Finishes drying with fresh air

AirDry finishes drying with natural airflow. The door automatically opens towards the end of the cycle, letting room-temperature air into the dishwasher. Up to 3x better drying compared to a closed-door system.

No more thinking about what program to use. Just choose time

No need to choose a program with TimeSelect display. Just decide how soon you want your dishes to be ready and let the dishwasher take care of the rest.

Versatile space to conveniently clean cutlery and utensils

The EasyFlex drawer is designed to fit cutlery and different-sized utensils, even when large or awkwardly shaped.

Space where you need it: Height-adjustable upper basket

Easily create more space at the top or bottom with the height-adjustable upper basket. Simply grab the handle on both sides of the upper basket and slightly pull up to raise or lower it.

Protection for delicate glassware

SoftSpikes® support and protect delicate glasses. These anti-slip rubber spikes stabilize glasses and mugs to reduce the risk of scratching and chipping. They can also be repositioned and placed where needed.

- Energy efficiency (2010/30/EC): C
- Installation: FI
- 6 programmes, 3 temperatures
- Dishwasher programmes: 90 Minutes, AUTO Sense, ECO, Machine care, Quick 30 Minutes, Rinse & Hold
- Text/symbol panel
- Panel with symbols
- Touch control for programs and functions selection
- Auto Off function
- Thermo Efficient Technology
- Warm water connection up to 60°C
- Water sensor detects the level of dirt and adjusts water consumption
- Indications for salt and rinse aid
- Upper basket with 2 rows of fixed tines, 2 Soft Spikes, Foldable cup shelves, plastic handle AEG
- Lower basket with Low round rack frame, 2 rear foldable tines
- EasyFlex
- AQUA-CONTROL
- Built-in H(min/max)xWxD (mm): 820/900 x 600 x 550

Product Specification
