

Great results in half the time with combined heating

The 8000 MealAssist Combiquick® combi Oven combines heating functions and microwave for cooking in half the time without compromising results. And the CookSmart Touch display guides you from everyday meals to the most ambitious dishes.

Product Benefits & Features

Microwave and Oven. Dual functions for delicious dishes

Microwave and Oven merges hot air circulation with advanced microwave technology for grilling, roasting and baking up to 50% faster than a conventional oven.

Take control of your cooking with EXCite

EXCite is the responsive touch-screen TFT display that gives intuitive access to the different features of your oven. It provides you with information as you cook, ensuring you have full control over your recipes.

Assisted Cooking. Extra help when cooking

The AssistedCooking function gives you intuitive access to a wide range of dishes where the oven adjusts automatically. Or the time and temperature can be fully controlled by you.

Ensure precise cooking with the new Food Sensor

The new Food Sensor notifies you when your desired temperature is reached and allows you to precisely monitor the cooking process to achieve perfect results every time.

Cooked Evenly everywhere

The clever Hot Air convection system ensures hot air circulates evenly throughout the oven cavity, for a cooking process that is faster, and more energy efficient.

- Compact built-in oven
- Oven with integrated microwave function
- Microwave power: 1000 Watt
- Oven cooking functions: Au Gratin, Bottom heat, Bread baking, Conventional cooking + Microwave, Conventional/Traditional cooking, Defrost, Dehydrating, Dough proving, Frozen foods, Grill, Grill + Microwave, Keep warm, Liquids, Melting, Microwave, Pizza setting, Plate warming, Popcorn, Preserving, Reheating, Slow Cooking, True fan cooking, True fan cooking + Microwave, Turbo grilling, Turbo grilling + Microwave
- Oven cavity with 2 baking levels
- Fast oven heat up function
- Meat Probe
- SoftMotion™ for a smooth, silent action when closing the door
- Automatic temperature proposal
- Memory function for frequently used oven settings
- Electronic temperature regulation
- Time extension function
- Electronic Child Lock safety function
- Residual heat indication

Product Specification

Installation type	Built_In	Hob control - Right Rear	No
Product Typology	BI_Oven_Electric	Thermostat	Top
Product Classification	Exploration	Electronic type	PUX
Type	Compact	Electronic Oven Control	PUX_GN_CMW_FP_3kW_con__S00008824
Installation	BI		
Size, cm	46x60		
Oven Energy	Electrical		
Cooking	Microwave/Multifunction		
Cleaning main oven	Clean Enamel		
Cleaning second oven	No		
N° of cavities	1		
Design family	AEG Zukunft		
Main colour	Black		
Control Panel material	Glass Layered On Metal Frame Infinity		
Door type	Full Glass, Smiley cut-out small		
Handle Variant Name	Metal		
Door type second oven	No		
Drawer	No		
Door hinges	Drop Down Screwed, Soft closing		
Control lamps	No		
Hob control	No		
Hob control - Left Front	No		
Hob control - Left Rear	No		
Hob control - Right Front	No
