

#### Exact heat for impeccable results

Our induction hobs have sensitive touch controls that take you from cool to hot – and back – immediately, letting you make precise changes to make your dish perfectly delicious. Like when you need intense heat for pan-searing steak. And because such precise heat control means no waste, induction benefits the environment and your

#### Product Benefits & Features

##### Optimise your time by efficient use of power

Make the most of your time thanks to this hob's Automax function. It heats your hob up extra-quickly, so you can get cooking straight away.

- Hob type: Electric with ceramic glass

- Child safety lock function
- Acoustic signal
- Timer function
- Residual heating indicator:
- Easy installation thanks to snap-in system
- ProBox™: Available as accessory for easy and safe installation above kitchen drawers
- Main colour: Black

##### Remembers where you left off

Whenever you get interrupted, you can put your cooking on hold with the Pause button. It makes sure nothing burns if you're called away from the kitchen and, conveniently, it remembers the different heats under all your pans. So when you're ready, one touch puts you back exactly where you left off.

STOP  
+  
GO

##### Keep complete control over cooking time

The adjustable timer, which lasts up to 99 minutes, reminds you of the cooking time and also acts as a minute minder when you're not using the hob itself.

##### A hob that cannot be mischievously switched on

The child safety lock ensures that the hob cannot be accidentally – or mischievously – switched on.
