

#### Exact heat for impeccable results

Induction helps you master any cooking technique faster and can even boil water in under 90 seconds. The heat adjustments are so subtle that they help you produce the finest tastes and textures every time you cook.

#### Product Benefits & Features

#### Your perfect cooking partner

Induction helps you master any cooking technique faster. It heats quicker than other types of hobs so you can get on with your cooking straight away. Quick heat adjustments mean you can produce the finest tastes and textures when you cook.

#### Precise heat control with Touch Controls

The Touch Controls user interface is designed for effective temperature control. Simply select the zone and select the power level using the plus or minus buttons. Precision for every step of the recipe, always resulting in great taste.

#### The Booster Function gets pots and pans hot quick

The Booster Function rapidly gets pots boiling and pans hot. Helping you get a quicker start to cooking, so you can be finished cooking faster.

#### Precise settings. Protected with Key Lock

Activate the Key Lock feature to lock cooking settings. From the time to the temperature, everything can be set and secured. So there's no possibility of changing anything accidentally while wiping spillages from the surface.
