

WASH AND DRY IN ONE GO. OR JUST STEAM REFRESH

The 7000 ProSteam® Washer Dryer is a 3-in-1 laundry machine that streamlines the laundry process for you with wash, dry, and steam programmes. Steam uses 96% less water*, and is gentler than washing, helping clothes look their best for longer.

* Internal test with a 1 kg load on the steam programme vs the delicates programme.

Product Benefits & Features

GARMENTS REFRESHED*, WRINKLES REDUCED WITH STEAM REFRESH

Steam Refresh neutralises odours* and reduces wrinkles on garments, including delicates, in just 25 minutes, all without washing. And if you would like an extra boost of freshness, just add our aromatic steam fragrance, for that just washed freshness.

SPECIALCARE WASH-TO-DRY. CUSTOMISED CARE EVEN FOR WOOL AND DELICATES

SpecialCare Wash-to-Dry adapts to each fabric type for gentle yet effective cleaning. This Woolmark Blue certified machine, washes and dries everyday items, delicates, and wool. It also restores the water protection of your outdoor garments.

* External test show neutralisation of cigarette smoke odour in a Steam Refresh cycle.

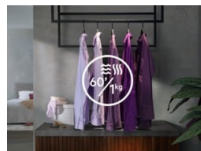

PRECISELOAD— ADAPTS ENERGY AND WATER USAGE TO THE LOAD SIZE

PreciseLoad automatically adapts the cycle time, along with energy and water usage, in proportion to the size of the laundry load. So, you get customised laundry cycles that save energy and water when washing and drying smaller loads.

QUICK 20' WASH & DRY 60' — WHEN YOU'RE IN A HURRY

With Quick 20' Wash&Dry 60' you can wash and dry a 1kg mixed load in just one hour, all in one go. You can also choose the wash only cycle and get clean clothes in as quick as 20 minutes. Quick and convenient care when you're in a hurry.

THE SMOOTH CARE DRUM PATTERN IS EVEN GENTLER ON YOUR FABRICS*

The Care drum lets garments glide smoothly thanks to its elevated cushion-like drum pattern and optimised lifter paddle. A thin film of water covers the holes during washing. Providing your fabrics with an even gentler laundry experience.

*Internal tests comparing the Care drum to the AEG ProTex drum.

- Freestanding washer-dryer combination
- Washing capacity: 9 kg
- Max. spin speed: 1600 rpm
- Condense dryer: the moisture is condensed into a water container, no air evacuation needed
- Drying capacity: 5.0 kg
- Delay start option
- Handwash program that allows 'handwash' labelled items to be washed by machine
- Wool program that allows 'wool' labelled items to be washed by machine
- Programs: Cottons, Delicates, Eco 40-60, Hygiene, Outdoor, Quick 20 Wash&Dry 60, Rinse, Steam, Synthetics, wool/handwash
- Anti-flood protection
