

Combine two zones to cook more

The 6000 Bridge Induction Hob can easily cope when you're cooking with bigger pans. The Bridge button links two cooking zones together to fit any large or long pan. The bridged zone will share the same temperature and time setting.

Product Benefits & Features

Flexible cooking with the Bridge Function

The Bridge Function allows you to connect two separate cooking zones to create a large, unified cooking area. This means even heat distribution is created over the entire surface – ideal for bigger pots or plancha grill.

Hob2Hood®: The hands-free hood

The Hob2Hood® function connects the hob and the hood. The cooker hood automatically adjusts the fan speed based on the heat, without lifting a finger. For powerful extraction when searing. And quieter extraction when simmering.

Less steps and more control with Direct Touch Controls

The Direct Touch Controls user interface uses intuitive numbers 1-14 so you can set the right temperature right away without having to toggle through the plus and minus buttons.

Quicker heat for extra speed with PowerBoost

A blast of fast. No more waiting around for pots to boil. The PowerBoost function gives you an instant burst of heat. PowerBoost is perfect for tasks that require you to boil a large pot of water quickly.

Hob timer. Built for precision

The built in hob timer can be set up to one hour, and will automatically power the hob down when it elapses. For effortlessly precise results.

- Hob type: Induction
- Hob with bevelled frame
- Direct Control: sliding touch control technology
- Controls position: Front Right
- Illuminated controls
- Digital indications for each zone
- Induction zones with power booster function
- Pot detection
- Left front zone: Induction, 2300/3200W/210mm
- Left rear zone: Induction, 2300/3200W/210mm
- Middle front zone: No,
- Middle rear zone: No,
- Right front zone: Induction, 1400/2500W/145mm
- Right rear zone: Induction, 1800/2800W/180mm
- Automatic fast heating up
- Key-lock function
- Child safety lock function
- Acoustic signal with switch off option
- Count up timer
- Eco Timer
- Timer function
- OptiHeat Control
- Easy installation thanks to snap-in system
- Main colour: Black

Product Specification

Installation type	Built_In	Depth cutting, mm	490
Product Typology	Electric_Hob	Radius cutting, mm	5
Product Classification	Statement	Fastening	Snap in System
Installation	Independent	Gas original	No
Size, cm	60	Gas replacement 2	No
Hob type	Induction Full	Gas replacement 3	No
Design family	AEG Zukunft	Gas category	No
Main colour	Black	Frequency, Hz	50-60
Control Panel material	Glass	Volt, V	220-240/400V2N
Frame type	Bevelled 2 Sides	Cord length, m	0
Frame material	No	Plug Type	No
Control knob colours	No		
Control position	Front Right		
Control type	Kite		
Control function	3 step residual heat, Acoustic signal, Automatic heating-up, Booster, Child-lock, Count up timer, Eco timer, Flexible Powermanagement, Hob-hood connection, Key-lock function, Left Bridge, Minute minder, Pause, Sound off, Timer
