

Convenient cooking, 50% quicker

The Series 20 convection microwave is the shortcut to convenient, tasty results. It's the combination of microwave technology with a convection oven, letting your dishes cook quickly and evenly.

The Series 20 convection microwave is the shortcut to convenient, tasty results. It's the combination of microwave technology with a convection oven, letting your dishes cook quickly and evenly.

Product Benefits & Features

Quick and even results, with the Convection Microwave

Bake, roast or warm dishes with the Convection Microwave. A combination of a traditional oven heat and a microwave means you can enjoy piping hot dishes in half the time, compared to standard models.

- Finger print proof stainless steel
- Microwave and Thermaflow® oven
- Thermaflow® fan oven 50/200°C
- Combi microwave oven and grill
- Microwave power max. 900 W, adjustable over 11 levels
- 1000W hinged grill
- Child lock - for safety
- Audible cooking end signal
- Stainless steel interior
- Rectangular grill rack

Easy recipes with the Auto Programme

There's no need for guesswork when it comes to cooking with the Auto Programme. All you have to do is choose one of the recipe options and the microwave will automatically set a power for you. For tasty results, without the effort.

Added safety, with the child lock

The microwave can be locked at the push of a button, so it can't be tinkered with during cooking. The child lock feature is designed for peace of mind, and keeping little fingers out of harm's way.

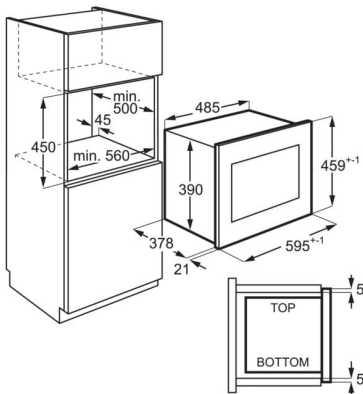

Hot air, evenly circulated

The hot air system makes sure heat is evenly circulated into every corner. Which makes sure that, no matter what you're cooking, it will be heated throughout. The best results, guaranteed.

Product Specification

Maximum Microwave output (W)	900
Maximum Grill output (W)	1000
No. of power levels	11
Cavity Size	25
Noise	0
Installation	Integrated
Dimensions (mm) (HxWxD)	460x595x430
Dimensions (Built-in, mm)	450x560x550
Cooking Modes	Convection, Grill, Microwave, Microwave & Convection, Microwave & Grill
Cooking stages	3
Frequency (Hz)	50
Colour	Stainless steel with antifingerprint
Voltage (V)	230-240
Required Fuse	10
ProdPartCode	All Open
